SUMMARY

I'm Mercy Kamene, I have a background in computer science and a moringa graduate in software engineering. I am passionate about tech and currently am looking forward to opportunities where I can apply my top skills that I acquired as a student for career development and also for the growth of the organization.

SKILLS

Front-End: JavaScript, React, HTML5, CSS3.

Back-End: Ruby, Rails, MySQL.

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development,RSpec, TDD, Chrome Dev Tools.

Professional: Remote Pair-Programming, Teamwork, communication, project Management..

Professional certifications: Google IT support, Huawei security, Huawei datacom, Ajira Digital training

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full Stack Web Development Student

Moringa School
July 2022 – Jan 2023

Mastered intermediate and advanced topics in full-stack development (including Rails, Git, and DS&A challenges) while building multiple full-stack projects both independently and via pair-programming.

ICT Authority

Intern(Networking Department)

Nairobi, Kenya
June 2021 – September 2021

- Installed new hardware, systems and software for the network.
- Configured workstations hardware and software for network operation.
- Installed, configured, maintained network services and equipment.
- Performed troubleshooting analysis of servers, workstations and associated systems.
- Documented network problems and resolution for future reference.
- Worked with the security division to install security programs to prevent unauthorized access to privileged data and information, and oversee the network.

EDUCATION

Moringa

July 2022 – January, 2023

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, and React.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with fellow remote developers.

Karatina University

Bachelor of Science Computer Science.

September 2018 – June 2022

- Learned various programming languages, methodologies as well as computational thinking.
